Niki de Saint Phalle - Dagboek

Naast het maken van sculpturen, maakte ze ook tekeningen waarin Nana's beginnen op te duiken. Het zijn mooie dagboekachtige tekeningen waarin Nana's staan afgebeeld, omringd door mooi versierde persoonlijke teksten over haar angsten, frustraties, liefdes en ideeën.

Ga de uitdaging aan en maak zoals Niki de Saint Phalle een uniek dagboek. Volg deze stappen:

1. Teken een nana. Maak gebruik van felle kleuren; ontwerp een badpak; geef haar vleugels of omring haar met dieren.
2. Schrijf naast, onder of boven de tekening een verhaal over je nana.
3. Creëer een uniek lettertype en geef de letters een kleur.
4. Geef je nana een naam.
5. Haal inspiratie uit haar dagboek-tekeningen.
6. Gebruik je dagboek tijdens de projectweek. Schrijf al je ervaringen en gevoelens neer.

I SAW A FAT WOMAN ON

the beach today

Dear Diary she REMINDED ME OF A GREAT PREGNANT GODDESS

BLACK is DIFFERENT.

I have made MANY BLACK FIGURES in my work. Black Venus, Black Madonna, BLACK MEN, BLACK NANNAS. It has always been an important color for me.

Today, walking on the beach I watched a small black child 5 or 6 years old playing with his father. He was SO CUTE. It was a REVELATION.

Black is ALSO ME NOW with my great grandma Dymal. This is NEW and I like it. Dymal is FRENCH, American, Vietnamese, Greek, Irish, Polish, African, Scottish, Russian, Italian, Jewish, Cuban. ^{AMERICAN} Black is also ME NOW
